

**Math 2 for Nonverbal and Minimally Verbal Students:**  
Lessons Plans with Options for Student Responses  
By Lenae Crandall

TABLE of CONTENT

Acknowledgements (pg.7)

Introduction (pg. 8)

How To Use This Book (pg. 9)

Lesson 1: Addition within 20 (pg. 15)

Lesson 2: Subtraction within 20. (pg. 20)

Lesson 3: Add and Subtract within 20 (pg. 24)

Activities—Memorizing Addition and Subtraction Facts Within 20: Note to Parents and Teachers. (pg. 27)

Activity 1: Math Competition

Activity 2: Fast Math

Activity 3: Treat Math

Activity 4: Silent Math Facts

Activity 5: Math Path Facts Games

Activity 6: Tic-Tac-Toe Math Facts

Activity 7: Math Fact Options

Activity 8: Math Fact Guess

Activity 9: Math Fact Match

Activity 10: Math Fact Greater Than, Less Than

Lesson 4: Even and Odd. (pg. 45)

Lesson 5: Even and Odd Practice (pg. 48)

Lesson 6: Count Objects by 2's (pg. 50)

REVIEW 1 (pg. 52)

Lesson 7: Adding with Even Numbers (pg. 53)

Lesson 8: Foundations of Multiplication—Adding Groups of Five (pg. 55)

Lesson 9: Place Value-Ones, Tens, Hundreds (pg. 57)

Lesson 10: Expanded Form (pg. 61)

REVIEW 2 (pg. 63)

Lesson 11: Addition with 2-Digit Numbers—No Carrying (pg. 64)

Lesson 12: Addition Story Problems—No Carrying (pg. 66)

Lesson 13: Subtraction with 2-Digits—No Borrowing (pg. 68)

Lesson 14: Subtraction 2-Digit Story Problems—No Borrowing (pg. 70)

Lesson 15: Addition with 2-Digits—Carrying (pg. 72)

Lesson 16: Addition with 2-Digits Story Problems—Carrying (pg. 74)

Lesson 17: Subtraction with 2-Digits—Borrowing (pg. 77)

Lesson 18: Subtraction with 2-Digits Story Problems—Borrowing (pg. 79)

Lesson 19: 2-Digit Addition and Subtraction Combined (pg. 82)

Lesson 20: 2-Digit Story Problems Addition and Subtraction Combined (pg. 83)

REVIEW 3 (pg. 87)

Lesson 21: Solve for the Unknown Number (pg. 88)

Lesson 22: Find the Missing Number (pg. 91)

Lesson 23: Place Value—Understanding the Make-Up of Hundreds (pg. 93)

Lesson 24: Count Within a Thousand By 5s, 10s, 100s (pg. 96)

Lesson 25: Three-Digit Numbers  $>$ ,  $<$ , and  $=$  (pg. 98)

Lesson 26: Adding Together Up to Four 2-Digit Numbers (pg.101)

Lesson 27: Adding More Than Two 2-Digit Numbers-Story Problems (pg. 103)

Lesson 28: Addition With 3-Digit Numbers (pg. 106)

Lesson 29: Subtraction With 3-Digit Numbers (pg. 108)

Lesson 30: Identify if need to + or – Then Solve the Problem—3-Digit #s (pg. 111)

REVIEW 4 (pg. 113)

Lesson 31: Student Identifies Visual Representation of a Number (pg. 114)

Lesson 32: Adding and Subtracting Fluently 10 or 100 to a Number (pg. 120)

Lesson 33: Money-Penny, Nickel, Dime, Quarter, Dollar Identify (pg. 123)

Lesson 34: Money—Adding (pg. 126)

Lesson 35: Money—Combining Coins to Equal an Amount (pg.128)

Lesson 36: Money—Subtraction (pg. 132)

Lesson 37: Money Story Problems (pg.135)

Lesson 38: Telling Time—Nearest Hour, Half Hour, Quarter Hour (pg. 139)

Lesson 39: Telling Time—To the Nearest Five Minutes (pg.143)

REVIEW 5 (pg. 146)

Lesson 40: Measurement—Using Appropriate Tools (pg. 148)

Lesson 41: Measurement—Using Different Units of Measurement (pg. 150)

Lesson 42: Measurement—Estimate Length (pg. 152)

Lesson 43: Measurement—Comparing length of Objects (pg. 154)

Lesson 44: Measurement—Addition and Subtraction Story Problems (pg. 157)

REVIEW 6 (pg. 160)

Lesson 45: Data and Measurement—Line Plot (pg. 161)

Lesson 46: Data and Measurement—Bar Graph (pg. 169)

Lesson 47: Data and Measurement—Picture Graph (pg. 173)

Lesson 48: Geometry—Identifying Shapes (pg. 176)

Lesson 49: Geometry—Dividing and Counting Squares in Rectangles (pg. 179)

Lesson 50: Geometry—Fraction Shapes (pg. 182)

Lesson 51: Reading and Writing Number Words (pg. 185)

REVIEW 7 (pg. 187)

MATH 2 REVIEW (pg. 189)

Annotated Bibliography of Soma®RPM Books by Soma Mukhopadhyay (pg. 195)
